By my signature below, I certify that I am at least 16 years of age and STRONGLY URGE my federal, state, county and local legislative representatives to save lives by fixing U. S. 2 and making it a budgeting priority. Safety improvements on this highway are truly a matter of life and death. Over 78 of our family members, friends, neighbors have died on U. S. 2 from January 1, 1993 through mid-June, 2007 from I-5 to Stevens Pass.
